Menu will be available from this screen.

Step Details window will open.

Workflow Response:

In case to respond, you have to select proper Response option from the dropdown list.

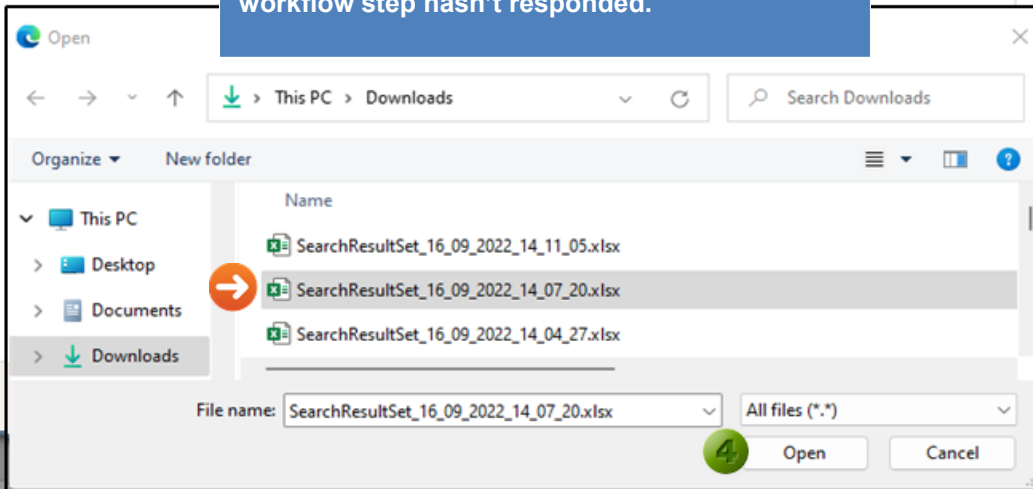

Comments

You will be able to add response and provide any Comments for each Workflow Step assigned to you in the Workflow.

MarkUp

The upload file MarkUp icon will be enabled for the assignee, who can respond to the workflow step. For other users, this icon is disabled. Note: Assignee can Delete attached file until the workflow step hasn't responded.

Click **Save Step** to commit your changes and proceed with the Workflow to the next step.

Save Save and Close Close

Confirmation message will display.

Your workflow step has been saved

Go to all steps grid.

Workflow File [linked as a Sub-File](#) of version on which Workflow step is Responded.

Response Date has been inserted by Saving the Step.

Close the workflow *Step Details* window. The *Workflow* window with all the steps in the workflow will automatically open.

Save

Save and Close

Close

Files > Workflow MarkUp File

Workflow File linked as a Sub-File of version on which Workflow step is Responded.

From the Files window, you can select *Go to workflow step* option for the attached Workflow file version.

You can Delete any file version by selecting X.

Delete Workflow MarkUp File

If you lock the record and have security permission, you can delete the Workflow MarkUp file version from the *Files* section after Save and without saving the workflow step response.
